

Launch Parade and Mahurangi Log Rally

Mahurangi Launch Parade

There are no on-shore activities at Sullivans Bay, and as such no onshore entries taken, so there will be a slightly different **Launch Parade**. There is no buoyed off area into Sullivans Bay for us to loop around, but there will still be a number of anchored boats in the harbour that will appreciate seeing your fine vessels. So, get in line at 10.30am off Scotts Landing and follow "My Girl" flying a huge CYA flag on a tiki tour of the harbour anchorages.

Mahurangi Log Rally

The Log Rally will start at 12.30pm sharp in an Easterly direction headed out of the harbour. The Jane Gifford and a laid buoy mark the Start Line. Please make sure you are

assembled there by 12.25pm. Make sure you have notified Jason Prew of your estimated average speed on 0274542490. The vessel closest to their nominated speed wins the day. Unlike past events you may look at your GPS if you think it will help.

The course is Start - Saddle Island to Port - Moturekareka Island to Starboard, through the blanche Channel - Saddle Island to Port - Finish is a direct line between the start Laid Buoy and Sadler Point. If you're confused call me or follow someone faster than yourself :)

Please note! The course we are following is the reverse of the A Division Boats through the Blanche Channel, so keep a good watch for other vessels and maybe a camera handy.

Any questions or late entries to jasep@me.com - see you there.
