Alpha-numeric Sail Numbers

The CYA has come to an arrangement with Yachting NZ to issue alpha-numeric sail numbers to CYA members' yachts in the APYMBA sequence abandoned on the introduction of national numbers in 1970.

YNZ will recognize these numbers for racing and identification purposes. The rules of issue are posted on the website along with application forms - applications are invited for consideration.

The seasons first cruising event for the launch division takes place at Labour weekend with a cruise to Mahurangi.

The highlight of which will be a trip up the river to Warkworth on Sunday 25th October.

For those that are not intending to 'stay over' and are just interested in the Warkworth day trip, we will meet at Sullivans Bay at 1030am for a 1045 start if the winds are from a southerly quarter or alternatively Scotts Landing at the same time if the winds are northerly quarter.

An updated list of contact vessels and trip details will be posted on the CYA web site on the Thursday preceding Labour weekend.

We look forward to a great day and with a tide close to midday we should be able to have lunch at Warkworth before the return trip.

Yachties – welcome to join in

If any of the yachties would like to join in, you can hitch a ride on a classic launch for the day and also get to know some of their fellow CYA members who have moved to "the dark side" of boating.
